BARBOURVILLE, KY., FRIDAY, AUGUST 18, 1922

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

KIWANIS TAKE ACTION FOR GETTING NEW DEPOT

At the Friday night meeting of Kiwanis, very little was done except to discuss ways and means of obtaining a new depot at Barbourville.

It was pointed out that five years ago, the L. & N. Railroad favored the idea of a new depot, but that as the war was on, it was suggested that it be deferred for about three years. This was done and we are now two years beyond that period.

It was recognized that the L. & N. has its troubles at the present time but it was also felt that as the city has grown considerably and shows every indication of continuing to do so, that it is time for the new depot to be built.

The following committee was appointed to see the L. & N. officials and take such other steps as are deemed necessary to get results: Chairman, R. N. Jarvis with H. H. Owens, Robert W. Cole, C. P. Kennedy and T. W. Minton.

The meeting expressed itself as ready and anxious to help meet the wishes of the railroad officials in their plans as our citizens have the best feelings toward the railroad or other enterprises that assist the city but it felt that the lack of a proper depot is a distinct detriment to the welfare of Barbourville.

A resolution was passed expressing good fellowship and a sympathetic attitude toward the Consolidated Coal Company, which recently bought out the Carter Coal Company on Brush Creek.

Rev. John Owen Gross stated that from 150 to 200 delegates to the Kentucky Annual Conference of the Methodist Church will be with us September 27 and for a few days stay and asked that all citizens do their best to make them welcome and to take an interest in the Conference. He pointed out that these are men who gave of their time to make the Union College drive a success, which entitles them to special consideration at our hands. There will be speakers of note at the Conference.

NICE FLUFFY SOAP SUDS

Nice, clear, sparkling, soft water, 100 lbs. pressure nice, live steam, that is how we wash your clothes with so little wear and tear. Individual care for each piece. Your delicate silk underwear washed by hand. No colored pieces faded. Eight classifications for each bundle. Seven changes of water for each wash. Your clothes last longer if you send them to the Barbourville Steam Laundry. Just phone 34 and your wash day troubles are over.—Adv.

UNION SERVICE

Next Sunday evening at the Court House square the Union Service will be addressed by Dr. George M. Kelpfer, of Pineville. Miss Lela Vincent will sing.

Your future can be as splendid and as glorious as you will make it.

GOLF TOURNAMENT

The Southeastern Kentucky Golf Tournament is on and will last thru Saturday. On Thursday evening the three in the lead were Wm. Dishman, 150, N. A. Archer, Williamsburg, 152, and J. E. Archer, 154.

The following is a list of those entering:

Pineville: F. W. Graham, J. E. Settle, J. S. Phillips, White L. Moss, J. S. Watson, G. H. Pease, J. M. Evans, R. C. Low.

Corbin: C. A. Butcher, W. T. Chappelle, W. H. Candler, G. J. Arena, W. M. Riddle.

Williamsburg: N. A. Archer, H. H. Tye, J. R. Justice, H. R. Rule, E. C. Diesel, Glenn Justice.

Middlesboro: F. P. Scales, J. E. Inman, J. K. Ralston, W. H. Ralston, H. H. Hutchison.

Barbourville: C. W. Green, W. M. Dishman, J. E. Archer, W. H. Green, S. N. Miller, P. D. Black, J. H. Lawson, R. N. Jarvis, J. E. Faulkner, T. J. Moore, R. B. Minton, C. P. Kennedy, Ed Dishman, R. W. Cole, G. L. Dickinson, J. F. Hawa.

NEW HEATING SYSTEM FOR PUBLIC SCHOOL ARRIVES

The vacuum heating system has arrived and is being installed at the Public School. Mr. Carey states that it is a splendid heating plant and he expects great results this winter in comfort for the children.

BAND CONCERTS POPULAR

The band concerts on Saturday nights are delighting our people. The band boys are giving most excellent music and plenty of it under the able direction of Conductor A. T. Simms, who not only knows music but is able to teach it to others. The band brings a source of interest and a friendly social intercourse among our citizens who congregate to hear the music that is invaluable in the strengthening of friendships and in creating a bit of local color that makes for good cheer and happiness.

Here's to the band!

C. & M. RAILROAD IMPROVING ROAD BED

A great deal of work has been done on the Cumberland & Manchester Railroad in the past few months, the track having been made straighter by removing bad curves, new ties have been put down and equalized, grades have been reduced and about one half of the road bed has been ballasted with rock from the big quarry which was opened up some months ago. The rock from this quarry is an extra fine quality as it contains a percentage of lime making it suitable for road work as well as for railroad ballast. The rest of the track will be ballasted and when completed will be as fine a track as may be found anywhere. When finished the two big engines recently bought will be pressed into service.

Planning the Summer Campaign

REV. J. O. GROSS SAYS WE ARE FAILING IN CHILD TRAINING

Rev. John Owen Gross preached a powerful sermon Sunday night in which he stated that the people of Barbourville are failing in seeing that their children receive religious instruction, either at home or, in too many cases, in Sunday School.

Large sums are spent on their pleasures in the aggregate while about \$500 covers what we pay for the religious instruction in Sunday School of the boys and girls on whom we are reckoning for complete fine manhood and womanhood. The speaker said we have been paying too much attention to saving the drunkard and the down and out compared with what we have done toward planting a real, vital religion in the hearts and minds of our young people. He suggested various systems by which they might receive more religious instruction.

It seems to the Advocate that the problem is simple for Barbourville. We have a Christian Board of Education who believe that a knowledge of the scriptures is vital to the upbuilding of religious character, so much insisted on by Mr. Gross and all sensible people. Why then should not the Board set aside the first half hour of each day for the reading of the scriptures, permitting the pastors of the churches of the city to talk to the children when desired, carefully confining their time to the prescribed half hour and non-sectarian scriptural teaching that none may have their religious prejudices wounded. Permission should be given to those of another creed to be absent from these readings if so desired.

It is said that the Bible is one of the best means of imparting a literary culture, apart from questions of morality and religion and the reading might properly be viewed as a necessary part of school instruction from every standpoint.

We suggest that the Board of Education and the ministers of the city get together and formulate a plan of action whereby the children of the public schools be given the religious education they are failing to get elsewhere. This will call for extra work on the part of the ministers but as men engaged in the task of character building we believe this will not prove a hardship.

ARTEMUS NEWS

Jeff Baker is seriously ill and is not expected to live.—The remains of Amos Rice were brought in from Southbend, Ind. He was killed in an auto wreck. He leaves three brothers, one sister, father mother, besides many friends and relatives to mourn their loss.—Otis Neal is building another new dwelling on his lots.—The stork arrived at the home of Rice Lock and left two fine boys, one democrat and one republican. Names are Woodrow and Sawyer.—Ross Wheeler has gone to Lexington, Ky.—Mr. and Mrs. Coughlin are visiting their parents, Mr. and Mrs. Will Rickett.—James Parrott has just received his new piano.—The Artemus Baptist Church members had a meeting to raise money for their new church building. There was a ladies' aid elected during the meeting to canvass the vicinity for church funds which no doubt will do good work.

Grant your imagination full sway.

BULLETIN

A statement from the L. & N. depot verifies the end of the railroad strike today. Let's all go.

MANCHESTER GRADED SCHOOL OPENED MONDAY

The Manchester Graded School began its nine months session Monday with a fine faculty in charge, headed by Prof. J. M. Hensley as principal. Chapel service was conducted by Rev. Mr. Walters who encouraged air castles for a big future, not to carry a big pistol, but to be big men really fine fellows with every girl growing into a fine woman, the "salt of the earth."

C. F. Heidrick was received with hearty applause. He complimented the ladies who have planted out a beautiful garden in the center of the square. It is a welcome sight to every visitor.

Mr. Heidrick spoke of over indulgence on the part of mothers as to be deplored. He stressed the fact that while boys and girls might not occupy the big positions in life they would be a success if whatever they did they did well. The young people of the mountains stand for the stability of the nation during the coming centuries, must protect it from dissension by understanding clearly what is right or wrong and must cultivate a spirit of give and right to health and education. The right to health and education. The speaker said the fact that the mountain boys and girls were subject to certain disadvantages would react to their advantage against the sons of rich men who have not learned self denial. "If you boys and girls will only plan out your lives and believe you can succeed you will do so. "You are going to do what you have a right to do."

"When you grow up, the thing of which you will be most proud will be good education."

"There are going to be new ways of doing things and if you do not learn them you will be a failure."

"Learn to write distinctly, it is a great accomplishment."

"We could make this country a heaven on earth if all would do their duty."

When Mr. Heidrick mentioned that Farris Roberts, former station agent at Manchester, had been made superintendent of the C&M. R. R., through good work, the applause was very hearty.

Fred Burman, editor of the Advocate spoke for a short time and was followed by Prof. W. J. Moore, principal of the high school who told of many poor boys who had become national and world figures.

Dr. J. L. Anderson said the boys and girls will be the future of Clay County as well as useful citizens of other sections. He urged preparation for whatever life work the children prefer, saying the responsibility for filling the places of their elders will later fall on them.

Supt. D. M. Allen urged real work instead of a spirit of "I'll get by" which makes for failure.

J. C. Cloyd asked for more interest in education on the part of the parents. They should realize that the children are all they have in life.

D. L. Hacker for the Board promised a good school.

Miss Maude Detherage
Director of Department of
Dramatic Art

Barbourville Baptist Institute
There are two courses in this department—the regular Expression course and Public Speaking.

The Expression course is a study of interpretation and impersonation of the different kinds of readings: The Short Story reading; Monologue Dialogue; Narrative; Poem; Lyric; Dramatic reading and one act plays. A study of the voice program is given in this course. This course is two private lessons a week.

The Public Speaking course is one hour class work a week and one private lesson. Public Speaking is taken up in class. The private lesson will be a study of interpretation of Orations.

It is very hard to hold the attention of children. How can we make a story interesting? Instruction in Story Telling will be given extra to all students so desiring.

M. E. LADIES AID ENTERTAINS

Last Tuesday, August 10, the Ladies Aid Society of the Methodist Church entertained the Ladies Aid Society of the First Methodist Episcopal Church of Pineville. Automobiles met the visitors at the train and conveyed them to the campus of Union College. There were 29 men and women present from Pineville. They put in one full day here. Games were played under the direction of Mr. Earl Mayhew. The Band under the direction of Mr. Alvin Sims gave a concert in the afternoon. A demonstration of life-saving and diving was given in the swimming pool by Misses Humfleet and Richardson. The dinner was the big feature of the day. Two large tables were filled with all the best things to eat and since it was a Methodist gathering there was a superabundance of fried chicken. Mr. Gross urged all of the folks to eat heartily as they had made a special provision for immigrants—there being two physicians two ministers and three undertakers on the grounds. About one hundred and forty were present for dinner.

Mrs. J. F. Rasnick and children have returned from a two weeks visit with relatives in Williamsburg.

Miss Emma Johnson
Music Supervisor of
Barbourville Baptist Institute

Miss Emma Johnson is a graduate of Louisville Conservatory of Music and will teach piano to private pupils. She will conduct classes in the History of Music; Harmony; Sight Singing; Ear Training; Form Analysis and Physiology. She will also direct Orchestra or Band, Choir and Community Singing. She will teach Public School Music fifteen minutes every morning in each room. Public School Art will be taught in the primary and intermediate grades.

Before placing your child in school find out where he will get the best training.

COUNTY HEALTH NURSE REPORTS FOR DUTY

Miss Edna A. Reinstedler, of Louisville, arrived Tuesday, August 15th, to take up her work as County Health Nurse.

Miss Reinstedler is a graduate of Norton Infirmary Training School, Louisville which puts the o. k. mark on her professional ability. Personally, she is of a friendly nature and is sure to make friends.

We are glad to have Miss Reinstedler with us. The county needs her work and will be the richer in health and bodily well-being thru her presence. Children who are now laboring under the handicap of physical defect, will, thru the co-operation of the nurse, parents and the medical profession find themselves on the same footing with other children.

We bespeak for Miss Reinstedler the usual kindness and hospitality for which Knox County is so well known and we are sure every citizen will help forward the good work in every way possible.

ROAD CONTRACT TO BE LET

Washington, D. C., Aug 14, 1922. Fred Burman, Editor, Barbourville, Ky.

Just received the following statement from Hon. Joe Boggs, State Highway Engineer: "I am having construction plans on Barbourville-Corbin road completed now so that work can be advertised in the next letting."

J. M. ROBSON.

INTIMATE CONTACT

with the industrial, commercial and agricultural interests of Barbourville and Knox County gives The First National Bank, the oldest financial institution in this community, a material advantage in handling business the way our customers want it handled.

Moreover, our membership in the FEDERAL RESERVE SYSTEM has materially broadened our facilities for useful service, even as it has enhanced the quality of the protection which we afford deposits.
